Rookie riders will not be allowed to enter any additional class.

Riders that competed in the FAB-Racing 4.2 Rookie class in 2016 or previously and finished in the top 6 in the Championship will not be allowed to compete in this class, they must enter the AC40 PRO class. FAB-Racing also reserves the right to require lower placed finishers in the Championship to also move up to the AC40 PRO class.

Other Riders from the Rookie class may choose to enter the Pro class should they want and have the ability but cannot then revert back once started in the class unless FAB-Racing requires them to do so.
